# Elevate Team Expectations

## **When scheduled, attend Team Time for the team you are on.**

- Different Teams meet at different times before they start serving. Please see your team leader about time commitments.

## **Respond to e-mails & scheduling requests in a timely manner.**

- We always give students a schedule of serving dates in advance. Please respond to them in advance. (We recommend responding within 48 hours)

## **Make This Commitment a Priority.**

- Plan ahead to block out time to do homework, papers, and projects for school so you don't have to skip serving last minute. This is a valuable skill to develop as you move through school and beyond.

## **Attend Elevate when not “serving”.**

- Students are expected to show up and participate in a regularly at elevate on nights they are not scheduled to serve. We make sure students have nights off from serving so that they have times to relax and not worry about any responsibilities.

## **An attitude of learning.**

- We want students to be involved, not because we need them, but because we want to pastor and coach them. We want all students to have an openness to their leaders as we seek to develop them and reinforce the family.

## **Be all about your one thing.**

- It takes many moving parts for Elevate to happen every Wednesday Night. In order for this to be done well, you need to be all about your one thing. Whichever team you've committed to, be the best team member you can possibly be! Be proactive, be forward thinking, be a problem solver, be a learner, ask for help, and be all about your one thing.

## **Do for others what you want done for you.**

- Sometimes you'll make a mistake. We'll give you grace for that!
- Sometimes your leader will make a mistake. Give us grace for that!
